 - Worked collaboratively in a team environment to build scalable projects.

🎓 EDUCATION

- 09/2022 – Present **B.S. In Computer System Engineering**
Palestine technical University - Kadoorie (PTUK)
- 08/2021 – 05/2022 **Tawjihi**
Bedia Secondary Girls School

🧠 SKILLS

Programming Languages

C++, OOP, Java, JavaScript, Python.

Professional Skills

Problem-Solving, Teamwork Task and Project Management

Software development

Data Structures, Algorithms

Tools & Technologies

Git, GitHub.

Frontend Development

HTML, CSS, JS, Bootstrap, React.js, Material UI, Responsive Design, Webpack, Python.

Backend Skills

RESTful APIs & data handling, Database & CRUD operations, Eager to learn backend & cloud development

AWARDS, COMPETITIONS AND EXTRA-CURRICULARS

Problem-Solving competition in the university

Joined a team of developers to solve +100 problems on hackerrank and +100 problems on LeetCode

Awards for the top student

Recognized as one of the top students for early project submission ahead of the deadline.

PROJECTS

06/2025

Real Estate Website

React.js, Material UI.

- Created a responsive real estate website for buying and renting properties.
- The website includes property listings, advanced search filters, interactive maps, and a user-friendly interface.
- Focused on delivering an optimal user experience across desktop and mobile devices, with attention to responsive design and seamless navigation for property browsing and transactions.

09/2024

CinMaster

JavaScript, HTML, CSS, APIs

- Developed a movie website that allows users to search for movies, view details, and add movies to a favorites section.
- Integrated third-party APIs for real-time data fetching and dynamic content display.

08/2024

Furniture Store Website

HTML, CSS, Bootstrap

- Created a responsive online furniture store website featuring product listings, a shopping cart, and an interactive user interface.
- Focused on responsive design and user experience across desktop and mobile platforms.
